Other Accomplishments status	Description	Person in Charge	Hours Spent
Initial set up	The different IDE's and software we need will be set up	Ryan Hennes	2
Created, Set up, and merged DB	Used Django framework for DB and merged it with the server	Andre Bajas	10

Issue	Description
Unfamiliar Frameworks/Tools	With addition to new tools, we're implementing. We are not as

		familiar with them to adeptly manipulate. Thus adding
		preliminary research before proper coding
